

ARMSTRONG CEILING SYSTEMS INTEGRATION

Price Industries is proud to have a partnership with Armstrong World Industries Inc (Armstrong) the leader in the design and manufacture of innovative ceiling and wall system solutions in America. Price's extensive array of air inlet and outlets perfectly complement the interior aesthetic created by Armstrong ceilings while ensuring optimal thermal comfort in occupied spaces.

Price Industries' option of standard border styles for air inlets and outlets and leading customizability ensure smooth integration with Armstrong ceiling systems. In addition to the different border styles, the options of coordinated standard and custom finishes to match the Armstrong finishes allows for a seamless blend with Armstrong architectural features.

For design support or to learn more about Armstrong integration, contact us at grd@priceindustries.com, call **(204) 254-5613 Option 1** or visit us online at PriceIndustries.com/Diffusers.
