

# DROP BOX

The Price Industries drop box assembly provides a complete package from the factory, which includes the integral Price High-Capacity Drum Louvers.

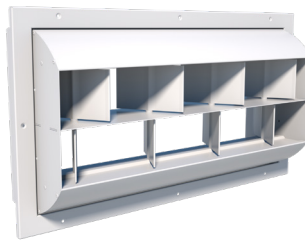

- + Double-wall insulated construction
- + Durable powder coat paint finish
- + Integral hanger brackets
- + 4-way configuration
- + Pyramid diverter for air flow equalization

The high-capacity drum louvers (model HCD) consist of extruded aluminum blades mounted inside a rotatable drum to produce long air throws with a high degree of directional control.

*Single Blade HCD*

*Split Blade HCD*

*60° Incremented drum angle adjustment*

Size	Nominal Air Volume	Overall Drop Box			Duct Connection	Diffuser Size	
		Width	Depth	Height		Width	Height
